EPPENDORF REPEATER - PLUS PIPETTER

This Repeater Pipettor Provides Accurate Repetitive Volume Delivery. Smooth And Easy Operation Reduces The Fatigue Associated With Repetitive Work. Pipettor Recognizes The Eppendorf Combitip* Plus Tip And Displays The Dispensing Volume On A Digital Readout. Snap-In Tip Mounting And One-Touch Tip Ejection Allow Safe Handling.

Ideal for use with aggressive reagents. Positive displacement tip design ensures accuracy, even when handling viscous or high vapor pressure solutions. Dispenses up to 100 samples with one filling. Select 112 different volumes from 1 μ L to 10mL with twenty different volumes for each tip. The accuracy with Eppendorf Combitip Plus Tips is ± 0.3 to 1.8% and the precision is ≤ 0.25 to 5.0%. (Brinkmann 22-26-020-1).

Specifications:

Format:	- 1 Pipettor.
Accuracy:	- ± 0.3 to 1.8%.
Reproducibility:	- ≤ 0.25 to 5.0%.
Product ID #:	- Q9001.
